MISSION

The EMA is committed to creating socially and ecologically sustainable cooperation and international understanding between Germany, Europe, and the countries of the Mediterranean and the Middle East region, with a special focus on small and medium-sized enterprises and start-ups.

NETWORK

To this end, the EMA connects decision-makers and multipliers from companies and associations, diplomacy and politics, as well as science and society. This unique network and its cross-national and cross-sector expertise make the EMA an excellent platform and a reliable and sought-after contact for mutual exchange.
