- **Planung der Sanierung von neun historischen Shanasheel-Häusern in der Altstadt von Basra (südlich der Nadhran-Brücke); architektonische Begutachtung und Bewertung, inkl. Schätzung der Kosten für die Sanierung jedes einzelnen Hauses und Ausarbeitung eines Sanierungskonzepts für alle Häuser**

Weitere Details entnehmen Sie bitte dem nachfolgenden Originaltext:

Description

The United Nations Educational, Scientific and Cultural Organization (UNESCO) invited Company/Firm to submit a Pro-posal for the provision of Design Services for the Conservation and Rehabilitation of 9 Shanasheel Houses in the Old City of Basra, Iraq, in accordance with the present/attached solicitation document.

In line with the general guidelines provided by the Old Basra Conservation and Development Plan elaborated between 2016 and 2018 under the aegis of the EU's Local Area Development Program (LAPD II), UNESCO is planning to launch conservation and rehabilitation work on nine historical "shanasheel houses" located to the south of the Nadhran Bridge.

The architectural and structural surveys and assessments needed to formulate comprehensive conservation and reha- bilitation projects for these houses are part of the assignment. The assignment will be divided into two phases: -

1- The architectural survey and assessment of nine (9) "shanasheel" houses near the Nadhran Bridge in Basra, accom- panied with a first estimate for the cost of rehabilitating each one of the houses.

2- The drafting of a rehabilitation project for the 9 surveyed houses.
